## Part A: Pupil premium strategy plan

### Statement of intent

When making decisions about using Pupil Premium funding, it is important to consider the context of the school and the subsequent challenges faced by individual pupils. There are a number of potential barriers to learning to be considered for pupils in receipt of Pupil Premium at Barham. These include learning difficulties, complex family situations currently or in the past, leading to social and emotional difficulties or reduced support, attendance or punctuality issues or financial issues reducing the opportunities open to the child. Each child entitled to the Pupil Premium grant is unique in his/her situation and our response to their needs must reflect this. Given the small number of children who are eligible for Pupil Premium funding at Barham, there is no commonality or trend as to barriers to learning and so each child has a unique profile of need. In 2022-23 we will continue to use strategies that have proved to be effective for our pupils over the past couple of years, providing bespoke support for our small, but increasing number of pupils. Particular strategies are used as applicable to the unique child and each child is considered separately. As part of our strategy, we will continue to develop our staff in order to effectively implement our strategies. We expect the Pupil Premium grant to narrow the gap in attainment and achievement that can sometimes arise for those eligible for the grant. Standards at Barham School are higher than the national average, but nevertheless we have high ambitions for those receiving Pupil Premium to attain as well as their peers. We will use our attainment tracking systems to plot the progress of pupils in receipt of Pupil Premium. This progress is tracked 3 times during the school year.

#### Ultimate Objectives

- To narrow the attainment gap between disadvantaged and non-disadvantaged pupil both nationally and within school data
- For disadvantaged pupils to achieve Age Related Expectation at the end of Year 6 and thus be secondary ready and on track to achieve GCSEs in English and Maths.
- To ensure children in receipt of Pupil Premium Funding are given the same extra-curricular opportunities as other pupils.

### Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Low attainment – less access to home reading and support with homework compared to peers, less exposure to good communication.
2	Slower progress of PP children from KS1 to KS2.
3	Ensuring good attendance – some pupils need access to before and after school clubs to help achieve good attendance.
4	Lack of enrichment experiences in and outside school due to lack of finances
5	Challenging family circumstances – ensuring vulnerable families continue to access the support they need, to ensure their children feel positive and successful.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.
