

## How can you help FoBS create better opportunities for our children?

- Did you know, every family with attending children at our school are members of FoBS?
- FoBS organise fun events, making memories and raising money for our school.
- With increased pressures on school budgets, the role of FoBS is becoming increasingly important in providing opportunities and facilities within the school.
- In 2020-2021, an outdoor classroom was built to provide a safe space to learn during covid, which is covered by funds raised by FoBS.
- In 2021-2022 the school pool floor will be replaced and the cost of this will be covered by funds raised by FoBS.
- To effectively coordinate fundraising initiatives, FoBS needs more active members
