

This week we have been learning about the seasons. We have been exploring the changes that we can see happening around us at school and created Autumn pictures and Autumn leaves.

We read 'The Story Orchestra', a lovely book exploring each season and listening to each part of Vivaldi's Four Seasons song on each page. We talked about the instruments we could hear and then we explored what the orchestra playing the music would look like too.

We also read the book 'What are germs?' We had a big talk on some of the things we can do to try and keep each other healthy and well.

This week in phonics we have been learning to recognise the tricky words: to, go, and into. The sounds we have been introduced to this week are: ck, e, u and r.

This week we have been practicing different ways to make five using the spots on a ladybird. We also sung 5 speckled frogs and used the part, part whole model to show different ways to make five. We then moved onto exploring different ways to make 10 using our Numicon. The children really enjoyed this activity!

Dates for your diary: Wednesday 11th October- parent drop in. After school feel free to drop into class with your child to have a look at the learning profile so far. I am sure the children will be excited to also show you their work around the class too! Friday 13th October- parent celebration assembly. You are welcome to come and join us in the hall to celebrate the achievements from the children that week.

After half term we shall start coming into school in the morning from the main gate. It opens at the same time of 8.45 and will be closed at 9.00. There will always be a staff member from Wrens on the gate, to help bring in any children that still need help.
