

This week our learning has been focussed around the story Three Billy Goats Gruff. The children have built bridges using building blocks, model making and crates, they used masks to retell the story. The children have drawn goats and planted grass for them. They have written speech bubbles for the troll and sequenced numbers to 10.

Phonics: we have been learning about the different sounds 'ed' can make at the end of a word. Last week we learnt it can make a 't' sound (helped) and this week we have learnt that it can also make a 'd' sound (burned).

This week in maths we created our own number line to 20 and marked each numeral with the correct number of spots to match. We have also been investigating ABB repeating patterns e.g. Red, blue, blue.

Reminder: As the weather warms up can you send your child with a named sun hat and put sun cream on before school, Thank you.
