

It has been such good fun this week with Sports Week being a great success. The weather has not spoiled the fun and the children managed to join in with so many activities.

Netball on Monday taught us some new skills, how to step and move, stop and catch.

It has been lovely to see the children's skipping skills improve as the week has gone on, in Skip to be Fit.

We were all amazing in the running races and it was so nice to celebrate children who are talented in sport and have an ability to run fast. All children felt included and all children enjoyed Potted Sports in the morning and getting to show off their own techniques and skills.

We have met our new buddies for next year and they taught us how to use the Speed Stacks in the hall. The Wrens were very happy to meet their new buddy and we know that this new relationship will flourish and they will get to hang out a lot next year.

The children will make their current Year 6 buddies a picture in school on Monday and give this to their buddy to say thank you for looking after us.

Please look at the class WhatsApp or Seesaw to see what is requested for next week.

The children will have transition days into Year 1 next week.

We will be having an End of Term Wrens party in the classroom on Thursday. Children can wear their own clothes and bring in their own party food.

On the last day of term, the children must be back in school uniform because we all go to the church for the End of Year Service. We also say good bye to our Year 6 buddies. We finish early on the last day of term (2pm).

We would like to say thank you to all the parents and families for being such supportive parents this year. The children in Wrens are amazing and the amount of progress they have made is also a result of how many experiences and life skills you offer them as parents.
