

## OWLS CLASS (Year 2) - Weekly overview

### Term 4 Week 5

Spring has sprung! Owls class spent a good amount of time outdoors this week. We continue to make great changes to the garden area - pulling out old growth to make way for new plants. We've cleaned out bird feeders and will make sure there's extra seed in them next week for our nesting birds.

Friday 28 March 2025 This week we have been learning about:	
English	Reading - discussed technique when completing a reading booklet More focused writing on our class text of 'The Rainbow Crow' - using time adverbials (week after week/After many months) and verbs to start sentences. Focus on punctuation and using a contracted form of a word (shouldn't = should not) Whole school write! 'A new Way to Travel' - a non-chronological report about an eco-friendly balloon bus
Maths	Completed Maths assessment (PUMA) Fractions: unit and non-unit fractions of an amount: devising a way to record in drawings and using numberlines. Telling the time to and within five minute intervals (using the minute hand to tell half past, quarter past and quarter to)
Science	Favourite sport survey which we turned into a tally and then drew our own pictograms - incredible data work! Planting up the strawberry runners (baby plants) which came to school thanks to Mr Gooderham. We might even have a few spare to take home next week.
