

Robins class (y3)

	Friday 5 th January 2024: This week we have been...
English	<p>We have started 2 new books again this term as stimulus for our writing. With Mrs Bruce we are using the book Escape from Pompeii which links to our Romans topic and with Mrs Gurney we are yet to discover the title of the book but we have looked at the beautiful illustrations and had a go at illustrating our own page. We have also learnt that it is from a time where only the sun and the moon gave light and our characters are a fisherman and his daughter. This led us to write a script of a conversation between the father and daughter as the daughter worries about him fishing at night when there is no moon.</p>
Maths	<p>Multiplication and division:</p> <p>We are still focusing on multiplication and division and this week we finished the week with reasoning about multiplication.</p> <p>How do the bar models show that $36 \div 6 < 36 \div 4$?</p> 
Other Curriculum Areas	<ul style="list-style-type: none"> • Music - We sang Bastille's Pompeii and discussed and analysed the lyrics. • Science - we investigated the questions: what are the poles of the magnet? And how do we use magnets? • RE - We are learning about the Sikhi religion this term so we learnt an overview of what is important to Sikhs. • PE - dance - we worked on individual routines which used our new book as a stimulus. The routines were about how the sun makes us feel. • Computing - we started to learn how to use Scratch and compared it to the programme we learnt last year: Scratch junior
News & reminders	<p>This term we will continue to have PE on Mondays and Fridays so please wear PE kit suitable for both inside and outside on these days.</p> <p>We hope you all had a restful Christmas and would like to wish you all a Happy New Year.</p>
