

Robins class (y3)

	Friday 5 th June 2026: This week we have been...
English	We started the week with our new book: 'Jim and the Beanstalk' by Raymond Briggs. We read the story through and discussed its likeness to another story we all knew. Then, to understand the chronology of the story, we summarised the main events and used our bodies and voices to denote the emotions of the characters throughout those events in drama. Then, we imagined what speech might happen between Jim and the giant and punctuated this correctly using inverted commas and a new line for a new speaker. Our spellings this week have all been words ending with the suffix '-er': teacher, stretcher, dispatcher, catcher, butcher, richer, scorcher, preacher, cruncher, watcher
Maths	Time: Continuing with our time topic we learnt about years, months, days and hours and then we started to think about start and end times of activities and their duration.
Other Curriculum Areas	<ul style="list-style-type: none"> • PE - Athletics - our focus this week was on the skills of running, jumping and throwing. We tried out different methods/body positions to see which worked best • Science - We investigated what the function the roots have on flowering plants. • RE - Our new topic this term is Humanism. We revised some of our learning from Owls and discussed what Humanists believe make us special. • Music - It was great to get back on our recorders. We used the notes top C, B, A, and G to play along to parts of We will rock you. • Computing - Using Scratch, we learnt about programming movement in sprites thinking carefully about which buttons on the keyboard to use.
