

ROBINS CLASS (Year 3) - Weekly overview

Term 1 week 4

We enjoyed publishing our creative writing (more lovely writing on display in class!) and finished the week with a celebration of Languages. Have a good weekend.

Friday 25 September 2026 This week we have been learning about:	
English	Reading workshops - with a clear focus on scanning and skimming to find answers in the text (retrieval) Writing creatively - our own versions of How to Find Gold - where treasure was hidden. We used similes to add to our descriptions.
Maths	Partitioning 3 digit number and showing it using counters Adding 1, 10, 100 to a 3 digit number Subtracting 1, 10, 100 to a 3 digit number Recalling how to exchange when bridging tens and hundreds TT rockstars to become fluent with x2 x3 x5 and x10
Science	Investigating the question: does the weight of an object affect the force needed to make it move?
Other Subjects:	Music: songs in Spanish and French PE: Speedy passing and shooting in basketball & swimming drills. Geography: What are the 4 and 8 points of the compass? How can we use them on a map to find direction. Art: Using complementary and analogous colours to create a beautiful feather. RE: I can respond in thanksgiving for things I am grateful for in my life. PSHE: How does sleep help my body? Computing: to recognise how digital devices can change the way we work.
Other information	Please continue to read as much as possible at home. I've also set a couple of tasks on Maths Zoo and timetables are also useful. Spellings are revisiting 'hard to read and spell' words from KS1 - each child has an individualised list which will be practised daily. The aim is to see these words recorded correctly in written pieces too. PE days Tuesday (PE) and Wednesday (swimming - no earrings please). Please come to school in PE kits on both days (if possible removing earrings).

Please don't hesitate to contact me via a message on seesaw or an email to:
