We would like all the children to make their own instrument at home, as far as possible, using recycled materials – upcycling! For example a mini guitar made out of a tissue box and rubber bands, or a shaker made out of an empty plastic tub. Here is a website with some ideas: www.bbc.co.uk/bitesize/articles/zprphcw#zssjwnb but I'm sure you can find plenty more. You may like to plan to do this at half term. See below!</p>

Puffins Homework Sound Topic Project

Can you make a musical instrument that plays different pitch notes?

Now we have started our new science topic on SOUND, it would be great if you could **make an instrument at home from recycled materials.**

Please bring it in to school any time after half term,
but by **Monday 4th March** at the latest.

Here are some ideas:

- Rubber band guitar
- Recycled xylophone
- Homemade kazoo
- Lolly-stick harmonica
- Garden-hose trumpet
- Tambourine

Good luck!
