

This Week's News

The Puffins Forest School group were blessed with glorious weather on Tuesday. In this week's session the children learnt how to tie knots (Arie has successfully completed a figure of 8 knot), and created Hapa Zomes (bashing petals and leaves onto fabric to create a print).

Local map artist, Dan Young, visited Owls and Eagles to show them his map of Barham. The children loved all the hidden wildlife details and gave Dan some suggestions about what else to include. The final print will on sale at the school Summer fete on Saturday July 16th.

This group from Robins had a fantastic morning at the Tri-golf competition in Canterbury this week. The children told me it was great fun taking part. This was the first competition for many of them and we are very proud of their sporting attitude.

This Week's Awards
